### Turner Electrical Helps Boys & Girls Clubs of Toledo Bring Everyone Back to “Barefoot at the Beach”

This year marks the 20<sup>th</sup> Annual Barefoot at the Beach, a one-of-kind fundraising event for Boys & Girls Clubs of Toledo that Turner Electrical Services has supported since the inaugural event in 2001.

Turner Electrical Services provides all the electrical and set up services for the annual event, including generators, light stands, wiring, and the labor needed, at no cost to the Boys and Girls Clubs of Toledo.

“Supporting Barefoot at the Beach is a great way for us to give back to the community and help the Boys & Girls Clubs of Toledo raise a significant amount of money for their mission,” said Chad Turner, President of Turner Electrical Services. “We look forward to seeing everyone back on the beach this year!”

[Turner Electrical Services](#), a TEGG franchise since 2000, is a Toledo-based company with 20 years of experience specializing in acceptance testing, preventive maintenance, and asset management for electrical distribution systems.

Boys & Girls Clubs of Toledo has a mission to provide a safe place for boys and girls to learn and grow, with programs in technology, sports, leadership development and more. You can learn more about the event, including donation information, on [the event website here](#).
